

EFAGROUP

**Europe's Agile
Systems Integrator
and Mission Enabler**

Mission & Vision

Our vision

Become **agile enabler** of
networked capabilities **globally**.

Our mission

Advance **aerospace, defense and security capabilities** globally
through technologically superior,
end-to-end, mission-ready
solutions.

Four clusters One delivery

Integrated & interoperable solutions
across all domains.

UNMANNED & AUTONOMOUS SOLUTIONS (U&AS)

Unmanned solutions for
demanding requirements;
multi-mission autonomous
capability that extends reach.

MISSION SYSTEMS, SIMULATION & TRAINING (MSST)

Mission systems and training
that turn data into action:
connecting forces and
platforms into a digitized
all-domain operational system.

INTEGRATED SERVICES (IS)

Integrated services, program
delivery, industrial
collaboration, MRO & flight
training.

SENSORS & TARGETING (S&T)

Next gen sensing and targeting
for mission-critical decision;
electronic spectrum
dominance from land to space.

One ecosystem Integrated delivery

EFA GROUP is a vibrant technology ecosystem in aerospace, security, defense & industrial cooperation delivering end-to-end capabilities through products, systems and services from concept to sustainment.
